Professional Summary

Compassionate and dependable Personal Support Worker (PSW) student dedicated to delivering person-centered care that promotes dignity, safety, and independence. Skilled in assisting residents with daily living activities, maintaining infection control practices, and providing emotional and physical support. Demonstrates empathy, teamwork, and professionalism developed through hands-on placements in long-term care settings.

Education

Graduate Certificate – Personal Support Worker (Anticipated Completion, December 12, 2025) Georgian College, Owen Sound, ON

- Gained clinical experience providing direct care to residents in long-term care homes.
- Applied principles of infection control, safety, and communication to support holistic resident care.

Practicum Experience

Personal Support Worker (Clinical Placement) – Summit Place
(Ongoing) Owen Sound, ON | November 4, 2025 – Present

- Provide compassionate, individualized care under supervision of RPNs and RNs.
- Assist residents with activities of daily living (ADLs), including hygiene, dressing, and mobility.
- Observe and report changes in residents' conditions to nursing staff promptly.
- Foster a positive, respectful environment through communication and empathy.

Personal Support Worker (Clinical Placement) – Lee
Manor Owen Sound, ON | September 2 – October
15, 2025

- Completed clinical placement providing high-quality, person-centered care to long-term care residents.
- Assisted residents with ADLs such as bathing, dressing, toileting, grooming, feeding, and repositioning.
- Safely operated lifts, wheelchairs, and mobility devices to support transfers and promote independence.

- Monitored and documented residents' physical, mental, and emotional changes, reporting concerns to RPNs/RNs.
- Practiced infection prevention, hand hygiene, and PPE use in accordance with home policies.
- Supported residents during mealtimes by assisting with feeding and monitoring dietary needs.
- Encouraged participation in recreational and social activities to enhance emotional well-being.
- Worked collaboratively with nurses and fellow PSWs to maintain a safe and comfortable environment.
