## PROFESSIONAL EXPERIENCE

### Registered Nurse

*Pramukh Multi-Specialty Hospital, India* | **October 2022 – December 2023**

- Provided patient-centered care in medical-surgical and general wards.
- Performed patient assessments, administered medications, and developed care plans.
- Educated patients and families on treatment plans and discharge care, improving adherence.
- Collaborated with physicians and allied teams to ensure positive outcomes.

### Personal Support Worker

*CBI Home Health* | **May 2024 – Present**

- Deliver holistic care to elderly and community patients, conducting daily assessments.
- Monitor vital signs, document care using EMR, and report changes promptly.
- Assist with mobility, hygiene, and nutrition, improving quality of life for 90% of assigned clients.
- Perform mechanical lift transfers and provide dementia-focused care using GPA principles.
- Implement infection prevention protocols, reducing risks for vulnerable clients.

### Corona Warrior – COVID-19 Team

*Ahmedabad Municipal Corporation* | **18 months**

- Conducted community-based COVID-19 testing and screenings.
  - Delivered care to 10-20 patients in intensive care unit.
  - Educated patients and families on prevention, quarantine protocols, and post-test care.
  - Assisted in health education campaigns to reduce virus spread in local communities.
- 

## CLINICAL ROTATIONS

### Medical & Surgical Nursing – Sheth Vadilal Sarabhai General Hospital, Ahmedabad

- Delivered care to 20–30 patients daily in high-volume wards.
- Administered medications, assisted in pre/post-operative care, and performed wound management.
- Collaborated with physicians and nurses to reduce recovery complications and streamline discharges.

### Nephrology Nursing – Institute of Kidney Diseases (IKD), Ahmedabad

- Assisted in 15–20 dialysis sessions weekly, ensuring fluid balance and patient safety.
- Supported renal transplant recovery and educated patients on immunosuppressive therapy.
- Provided dietary and fluid management teaching, improving compliance by 15%.

### Cardiology Nursing – U.N. Mehta Institute of Cardiology and Research Centre, Ahmedabad

- Monitored ECGs and vital signs for 10–15 cardiac ICU patients daily.
- Assisted in advanced procedures such as angioplasty and pacemaker insertions.
- Supported emergency response teams, reducing critical response times.
- Educated patients on cardiac rehabilitation and medication adherence.

### Oncology Nursing – Gujarat Cancer & Research Institute, Ahmedabad

- Assisted in chemotherapy administration for 10–15 patients daily.
- Monitored for adverse reactions and supported immunocompromised patients with wound care.
- Provided palliative and emotional support, improving patient comfort and family satisfaction.
