WORK EXPERIENCE

Parents For Community Living - Direct Support Worker (DSW)
30 Dupont St., E. #102, Waterloo, ON N2J 2G9 • 04/2023 - Current

- Assisted clients with daily living needs to maintain self-esteem and general wellness.
- Maintained detailed documentation of client progress, daily activities, incidents, and relevant observations to ensure continuity of care across team members.
- Improved client quality of life by providing assistance with daily living activities such as bathing, grooming, dressing, feeding, toileting assistance.
- Documented residents' mental status, sleep, and eating patterns in medical record books.
- Provided reliable transportation for clients to attend medical appointments, social outings, or other community-based events as needed.
- Cleaned house, ran errands, managed laundry, and completed weekly grocery shopping.
- Helped clients manage money, pay bills, and shop for groceries or personal items.
- Transported individuals to events and activities, medical appointments, and shopping trips.
- Managed medications for clients, ensuring proper dosages were taken on schedule and any side effects were promptly reported to healthcare professionals.
- Monitored client vital signs, administered medications, and tracked behaviors to keep healthcare supervisor well-informed.
- Ensured a safe and comfortable living environment for clients through regular housekeeping tasks and proactive maintenance reporting.
- Established trust-based relationships with clients by consistently demonstrating respect, empathy, reliability, and genuine concern for their wellbeing.
- Assisted clients in achieving personal goals through tailored support in areas such as mobility training, communication skills development, and community integration activities.
- Facilitated effective communication between clients and their families, fostering strong relationships and promoting family involvement in the caregiving process.
