PROFESSIONAL EXPERIENCE

Dorvict Home & Health Care Services

January 2022 – Present

- Develop and implement individualized care plans for clients, ensuring that their physical, emotional, and social needs are met. Collaborate with the client and other professionals to ensure a well-rounded approach to care. Regularly review and update care plans based on ongoing assessments and any changes in the client's condition. Ensure that the client's personal goals, preferences, and autonomy are always prioritized in the care process.
- Provide support to clients in daily activities, such as bathing individuals, dressing, laundry, meal preparation, attending doctor appointments, and participating in outdoor activities. I always collaborating with my team to ensure the safety and comfort of all residents..
- Collaborate with interdisciplinary teams to coordinate comprehensive care services, ensuring that all aspects of a client's well-being are addressed. Facilitate effective communication among team members to enhance care delivery and improve outcomes for clients.
- Provide care for children, youth and adults living with developmental challenges, mental illness and addiction
- Maintaining accurate and up-to-date documentation of client progress and incidents is essential for effective case management, ensuring continuity of care and facilitating team communication. This practice aids in evaluating treatment efficacy, identifying patterns, and enhancing accountability for improved client outcomes.
- Participate in ongoing training and professional development to stay current with best practices in the field.
